A Home Loan That Could Bite

Banks are helping homeowners refinance home-equity lines of credit.

By **MATTHIAS RIEKER**

Dec. 27, 2013 6:33 p.m. ET

Regulators are pushing banks to help homeowners refinance a type of loan that was popular during the housing boom.

From 2004 to 2008, borrowers gorged on billions of dollars worth of home-equity
