Hello Fil and other "trusted" BofA Execs and Attorneys,

While you all have not reached out to me personally since late in 2015, I don't want to leave you all out of the loop. Consideration for others, even ones enemy, is honorable.

Attached fax went out today and was uploaded as Doc 83 to website. I'm bummed such an important Doc went out with the confusing blank 4th page, but oh well. Such is life.

A fax back to confirm receipt is appropriate, but not expected at this point. This fax will be Doc 85 (if any of you care at this point).

Bryan
